Case Description: David Day (Applicant) requests a Wall Permit – Major for a tall wall on Lot 10 BB, Lavaland Addition, located at 238 Yucca Dr NW, zoned R-1 [IDO § 14-16-5-7(D)(3); Table 5-7-2]

On July 21, 2026, David Day (“Applicant”) was scheduled to appear before the Zoning Hearing Examiner (“ZHE”) requesting a Permit – Wall or Fence – Major (“Application”) upon the real property located at 238 Yucca Dr NW (“Subject Property”). Below are the ZHE’s findings of fact and decision.

FINDINGS, PERMIT – WALL OR FENCE – MAJOR:

1. Applicant is requesting a Permit – Wall or Fence – Major, pursuant to City of Albuquerque Code of Ordinances Integrated Development Ordinance (“IDO”) § 14-16-6-6(H).
2. Applicant has authority to pursue this Application, pursuant to IDO § 14-16-6-4(D).
3. Applicant is not required to offer a meeting with Indian Nations, Tribes, and Pueblos before filing the application, pursuant to IDO Section 14-16-6-4(B).
4. The Planning Director’s designee has determined that the Application is complete, pursuant to IDO Section 14-16-6-4(G).
5. The analyses and studies listed in IDO Section 14-16-6-4(H) are not required.
6. The Application was forwarded to commenting agencies pursuant to IDO Section 14-16-6-4(I).
7. Applicant has sent an electronic mail notice to the email addresses on file with the Office of Neighborhood Coordination for each pertinent Neighborhood Association as required by IDO Section 14-16-6-4(J)(2).

8. The Subject Property is located within the R-1 zone with a street-facing fence height maximum of 3 feet.
9. Therefore, a 5-foot wall on the Subject Property requires a Permit-Wall or Fence Major Approval pursuant to IDO Subsection 14-16-6-6(H).
10. IDO § 14-16-6-6(H)(3) (Review and Decision Criteria for a Permit – Wall or Fence – Major) shall be approved if all of the following criteria are met.
 - (a) *The wall is proposed on a lot that meets any of the following criteria.*
 1. *The lot is at least ½ acre.*
 2. *The lot fronts a street designated as a collector, arterial, or interstate highway.*
 3. *For a front yard wall taller than allowed in Table 5-7-1, at least 10 percent of the properties with low-density residential development with a front yard abutting the same street as the subject property and within 330 feet of the subject property along the length of the street the lot faces have a front yard wall or fence over 3 feet. This distance shall be measured along the street from each corner of the subject property's lot line, and the analysis shall include properties on both sides of the street.*
 4. *For a street side yard wall taller than allowed in Table 5-7-1, at least 10 percent of the properties with low-density residential development with a side yard abutting the same street as the subject property and within 330 feet of the subject property along the length of the street the lot faces have a street side yard wall or fence over 3 feet. This distance shall be measured along the street from each corner of the subject property's lot line, and the analysis shall include properties on both sides of the street.*
 - (b) *The proposed wall would not be injurious to adjacent properties, the surrounding neighborhood, or the larger community.*
 - (c) *The design of the wall complies with any applicable standards in § 14-16-5-7 (Walls and Fences), including but not limited to § 14-16-5-7(E)(2) (Articulation and Alignment), § 14-16-5-7(E)(3) (Wall Design), and both of the following criteria:*
 1. *The wall or fence shall not block the view of any portion of any window on the front façade of the primary building when viewed from 5 feet above ground level at the centerline of the street in front of the house.*
 2. *The design and materials proposed for the wall or fence shall reflect or enhance the quality of walls and fences in the surrounding area.*
11. Applicant bears the burden of providing a sound justification for the requested decision, based on substantial evidence, pursuant to IDO § 14-16-6-4(E)(3).
12. Applicant bears the burden of showing compliance with required standards through analysis, illustrations, or other exhibits as necessary, pursuant to IDO § 14-16-6-4(E)(4).
13. Applicant appeared at the ZHE hearing on the Application and gave evidence in support of the Application.

14. Based on photographs, maps and oral evidence presented by Applicant, at least 10 percent of the properties within 330 feet of the lot where the wall or fence is being requested have a wall or fence over 3 feet in the applicable yard area.
15. Based on evidence presented by Applicant, the proposed wall would strengthen or reinforce the architectural character of the surrounding area. The proposed wall appears to be consistent with other walls in the neighborhood and with the architecture of improvements on the Subject Property.
16. Based on evidence presented by Applicant, the proposed wall would not be injurious to adjacent properties, the surrounding neighborhood, or the larger community. The wall does not block any clear sight triangle and it provides for eyes on the street. It appears to be entirely on the Subject Property.
17. Based on evidence presented by Applicant, the design of the wall complies with any applicable standard in Section 14-16-5-7 (Walls and Fences), including, but not limited to Subsection 14-16-5-7(E)(2) (Articulation and alignment) and Subsection 14-16-5-7(E)(3) (Wall Design), and all of the following: (1) The wall or fence shall not block the view of any portion of any window on the front façade of the primary building when viewed from 5 feet above ground level at the centerline of the street in front of the house; and (2) The design and materials proposed for the wall or fence shall reflect the architectural character of the surrounding area. Evidence in the record establish compliance with this requirement.
18. The City Traffic Engineer submitted a report stating no objection to the Application
