Project Number: PR-2026-000112

Case Description: Wendy Strittmatter (Owner) requests a Variance of 3 feet to the 3-foot maximum height for side street wall height for Lot 5, Block 1, Saddle Ridge Subdivision, Unit 2, located at 5800 Equestrian Dr NW, zoned R-1 [IDO § 14-16-5-7(D)(1); Table 5-7-1]

On July 21, 2026, Wendy Strittmatter (“Owner”) was scheduled to appear before the Zoning Hearing Examiner (the “ZHE”) requesting a Variance to side street wall height (“Application”) upon the real property located at 5800 Equestrian Drive NW (the “Subject Property”). Below are the ZHE’s findings of fact and decision.

FINDINGS, VARIANCE - ZHE:

1. This is a request for a Variance of 3 feet to the 3-foot maximum height for side street wall height in the R-1 zone for Lot 5, Block 1, Saddle Ridge Subdivision, Unit 2 located at 5800 Equestrian Drive NW and containing approximately 0.3185 acres.
2. The Albuquerque/Bernalillo County Comprehensive Plan and the City of Albuquerque Integrated Development Ordinance (IDO) are incorporated herein by reference and made part of the record for all purposes.
3. The Planning Director’s delegatee has determined that the Application is complete, pursuant to IDO Section 14-16-6-4(G).
4. The content of the notice of the Application satisfies IDO Section 14-16-6-4(J)(1).
5. Applicant has sent an electronic mail notice to the email addresses on file with the Office of Neighborhood Coordination for each pertinent Neighborhood Association as required by IDO Section 14-16-6-4(J)(2).
6. Applicant has sent a mailed notice to all property owners within 100 feet of the subject property as required by IDO Section 14-16-6-4(J)(3).

7. Applicant has posted sign notice(s) as required by IDO Section 14-16-6-4(J)(4).
8. The Subject Property is located at 5800 Equestrian Drive NW in an R-1 zone district where a fence taller than 3 ft is allowed if certain criteria are met, pursuant to IDO Subsection 14-16-5-7(D)(1); Table 5-7-1.
9. The Application, not meeting the criteria of IDO Subsection 14-16-5-7(D)(1); Table 5-7-1 requires a Variance Approval pursuant to IDO Subsection 14-16-6-6(O).
10. Pursuant to § 14-16-6-6(O)(3) of the Integrated Development Ordinance, Review and Decision Criteria, *"An application for a Variance - ZHE shall be approved if it meets all of the following criteria."*
 1. *There are special circumstances applicable to a single lot that are not self-imposed and that do not apply generally to other property in the same zone district and vicinity, including but not limited to size, shape, topography, location, surroundings, physical characteristics, natural forces, or by government actions for which no compensation was paid. Such special circumstances of the lot either create an extraordinary hardship in the form of a substantial and unjustified limitation on the reasonable use or economic return on the property, or practical difficulties result from strict compliance with the minimum standards.*
 2. *The Variance will not be materially contrary to the public safety, health, or welfare.*
 3. *The Variance does not cause significant material adverse impacts on surrounding properties or infrastructure improvements in the vicinity.*
 4. *The Variance will not materially undermine the intent and purpose of this IDO, the applicable zone district, or any applicable Overlay Zone.*
 5. *The Variance approved is the minimum necessary to avoid extraordinary hardship or practical difficulties.*
11. Applicant bears the burden of providing a sound justification for the requested decision, based on substantial evidence, pursuant to IDO Section 14-16-6-4(E)(3).
12. Applicant bears the burden of showing compliance with required standards through analysis, illustrations, or other exhibits as necessary, pursuant to IDO Section 14-16-6-4(E)(4).
13. Based on evidence submitted by or on behalf of Applicant, it appears that there are special circumstances applicable to the Subject Property that are not self-imposed and that do not apply generally to other property in the same zone and vicinity such as size, shape, topography, location, surroundings, or physical characteristics created by natural forces or government action for which no compensation was paid, and such special circumstances of the lot either create an extraordinary hardship in the form of a substantial and unjustified limitation on the reasonable use or economic return on the property, or practical difficulties result from strict compliance with the minimum standards, as required by Section 14-16-6-6(O)(3)(a)(1). The location of the subject property and pre-existing improvements create increased visibility, lack of privacy and risk of trespass and security risks, which constitute special circumstances that create practical difficulties that would result from strict compliance with the minimum standards.

14. Based on evidence submitted by or on behalf of Applicant, the Variance will not be contrary to the public safety, health and welfare of the community as required by Section 14-16-6-6(O)(3)(a)(2). The fence design is attractive and in line with the architectural character of the neighborhood.
15. Based on evidence submitted by or on behalf of Applicant, the Variance will not cause significant adverse material impacts on surrounding properties or infrastructure improvements in the vicinity as required by Section 14-16-6-6(O)(3)(a)(3). The wall provides for security and views without causing adverse impacts.
16. Based on evidence submitted by or on behalf of Applicant, the Variance will not materially undermine the intent and purpose of the IDO or applicable zone district as required by Section 14-16-6-6(O)(3)(a)(4). Applicant testified the proposed wall will be built and maintained in compliance with all IDO requirements.
17. Based on evidence submitted by or on behalf of Applicant, the Variance approved is the minimum necessary to avoid extraordinary hardship or practical difficulties as required by Section 14-16-6-6(O)(3)(a)(5). Any smaller fence would be insufficient to provide for security and mitigation of negative circumstances.
18. The City Traffic Engineer submitted a report stating no objection to the Application.
