8. **Discrimination Prohibited.** In performing the Services required hereunder, the Contractor shall not discriminate against any person on the basis of race, color, religion, gender, sexual preference, sexual orientation, national origin or ancestry, age, physical handicap, or disability as defined in the Americans With Disabilities Act of 1990, as now enacted or hereafter amended.

9. **ADA Compliance.** In performing the Services required hereunder, the Contractor agrees to meet all the requirements of the Americans With Disabilities Act of 1990, and all applicable rules and regulations (the 'ADA'), which are imposed directly on the Contractor or which would be imposed on the City as a public entity. The Contractor agrees to be responsible for knowing all applicable requirements of the ADA and to defend, indemnify and hold harmless the City, its officials, agents and employees from and against any and all claims, actions, suits or proceedings of any kind brought against said parties as a result of any acts or
omissions of the Contractor or its agents in violation of the ADA.

10. **Reports and Information.** At such times and in such forms as the City may require, there shall be furnished to the City such statements, records, reports, data and information, as the City may request pertaining to matters covered by this Agreement. Unless otherwise authorized by the City, the Contractor will not release any information concerning the work product including any reports or other documents prepared pursuant to this Agreement until the final product is submitted to the City.

11. **Open Meetings Requirements.** Any nonprofit organization in the City which receives funds appropriated by the City, or which has as a member of its governing body an elected official, or appointed administrative official, as a representative of the City, is subject to the requirements of § 2-5-1 et seq., R.O.A. 1994, Public Interest Organizations. The Contractor agrees to comply with all such requirements, if applicable.

12. **Establishment and Maintenance of Records.** Records shall be maintained by the Contractor in accordance with applicable law and requirements prescribed by the City with respect to all matters covered by this Agreement. Except as otherwise authorized by the City, such records shall be maintained for a period of three (3) years after receipt of final payment under this Agreement.

13. **Audits and Inspections.** At any time during normal business hours and as often as the City may deem necessary, there shall be made available to the City for examination all of the Contractor’s records with respect to all matters covered by this Agreement. The Contractor shall permit the City to audit, examine, and make excerpts or transcripts from such records, and to make audits of all contracts, invoices, materials, payrolls, records of personnel, conditions of employment and other data relating to all matters covered by this Agreement. The Contractor understands and will comply with the City’s Accountability in Government Ordinance, §2-10-1 et seq. R.O.A. 1994, and also agrees to provide requested information and records and appear as a witness in hearings for the City’s Board of Ethics and Campaign Practices pursuant to Article XII, Section 8 of the Albuquerque City Charter.

14. **Publication, Reproduction and Use of Material.** No material produced in whole or in part under this Agreement shall be subject to copyright in the United States or in any other country. The City shall have unrestricted authority to publish, disclose, distribute and otherwise use, in whole or in part, any reports, data or other materials prepared under this Agreement.

15. **Compliance With Laws.** In performing the Services required hereunder, the Contractor shall comply with all applicable laws, ordinances, and codes of the federal, state and local governments.

16. **Changes.** The City may, from time to time, request changes in the Services to be performed hereunder. Such changes, including any increase or decrease in the amount of the Contractor’s compensation, which are mutually agreed upon by and between the City and the
Contractor, shall be incorporated in written amendments to this Agreement.

17. **Assignability.** The Contractor shall not assign any interest in this Agreement and shall not transfer any interest in this Agreement (whether by assignment or novation), without the prior written consent of the City thereto.

18. **Termination for Cause.** If, through any cause, the Contractor shall fail to fulfill in a timely and proper manner its obligations under this Agreement or if the Contractor shall violate any of the covenants, agreements, or stipulations of this Agreement, the City shall thereupon have the right to terminate this Agreement by giving written notice to the Contractor of such termination and specifying the effective date thereof at least five (5) days before the effective date of such termination. In such event, all finished or unfinished documents, data, maps, studies, surveys, drawings, models, photographs and reports prepared by the Contractor under this Agreement shall, at the option of the City, become its property, and the Contractor shall be entitled to receive just and equitable compensation for any work satisfactorily completed hereunder.

Notwithstanding the above, the Contractor shall not be relieved of liability to the City for damages sustained by the City by virtue of any breach of this Agreement by the Contractor, and the City may withhold any payments to the Contractor for the purposes of set-off until such time as the exact amount of damages due the City from the Contractor is determined.

19. **Termination for Convenience of City.** The City may terminate this Agreement at any time by giving at least fifteen (15) days' notice in writing to the Contractor. If the Contractor is terminated by the City as provided herein, the Contractor will be paid an amount which bears the same ratio to the total compensation as the Services actually performed bear to the total Services of the Contractor covered by this Agreement, less payments of compensation previously made. If this Agreement is terminated due to the fault of the Contractor, the preceding Section hereof relative to termination shall apply.

20. **Construction and Severability.** If any part of this Agreement is held to be invalid or unenforceable, such holding will not affect the validity or enforceability of any other part of this Agreement so long as the remainder of the Agreement is reasonably capable of completion.

21. **Enforcement.** The Contractor agrees to pay to the City all costs and expenses including reasonable attorney's fees incurred by the City in exercising any of its rights or remedies in connection with the enforcement of this Agreement.

22. **Entire Agreement.** This Agreement contains the entire agreement of the parties and supersedes any and all other agreements or understandings, oral or written, whether previous to the execution hereof or contemporaneous herewith.

23. **Applicable Law.** This Agreement shall be governed by and construed and enforced in accordance with the laws of the State of New Mexico, and the laws, rules and
regulations of the City of Albuquerque.

24. **Interest of Contractor.**

   A. The Contractor agrees that it presently has no direct or indirect interest and shall not acquire any direct or indirect interest which conflicts in any manner or degree with the performance of the Services required to be performed under this Agreement. The Contractor further agrees that no person having any such conflict of interest will be employed to perform the Services.

   B. The Contractor hereby agrees to report to the City in writing, any situation in which the Contractor or a member of the Contractor's firm may be asserting a position contrary to that of the City. Such situation includes but are not limited to instituting suit against the City, and of its employees or departments, regardless of whether a technical conflict exists under the Canons of Ethics or Disciplinary Rules or whether the subject matter of the litigation to be instituted is related to the Contractor's representation of the City under this Agreement.

      (1) Upon notification of such a conflict, the City will inform the Contractor in writing within ten (10) days of receipt of the notification that the City will or declines to waive the potential conflict. If the conflict is waived, the Contract or firm may proceed with representation in the conflict situation, informing the City should any relevant change of circumstances occur. If waiver of the conflict is denied, the Contractor is obligated under the provisions of this Agreement to cease its efforts in the conflict situation.

      (2) If the Contractor refuses to cease representation, or if the Contractor fails to notify the City of potential conflict, the City may terminate this Agreement upon one (1) day's notice. The Contractor agrees to compensate the City for any costs incurred by the City to obtain alternate representation, including but not limited to, the cost of paying substitute counsel to become familiar with the case to a level at which the Contractor withdrew from representation and attorneys fees incurred by the City in obtaining the assistance of alternate counsel.

      (3) The City is entitled to withhold payment of the final billing submitted by the Contractor to cover the cost of obtaining substitute representation, as provided above. After securing alternate counsel, the City will provide a summary of costs incurred by this counsel and will pay any applicable amounts remaining due to the Contractor.

25. **Records, Pleadings, and Case File.** Records, pleadings, legal research, and the case file shall be sent to the City at the conclusion of the case. Highly confidential documents such as attorney notes and client correspondence need not be returned.

26. **Reports required.** If requested, within thirty (30) days after entering into this Agreement, the Contractor will provide the CPOA with a brief analysis of the task to be undertaken and a plan for performing the tasks under this Agreement. With regard to any litigation, this will include an assessment of the relative merits of the parties' position, and a
litigation plan, including a proposed time schedule.

At the time of submission of any billing, the Contractor will also submit to the CPOA Executive Director a status report indicating the current status of the litigation or other project which is the subject of this Agreement, a summary of the activities undertaken for which the billing is being submitted, and a plan for future activities under the Agreement which the Contractor intends to perform during the next billing cycle.

27. **Pleadings.** All documents submitted to the Court or opposing counsel shall be copied to the CPOA Executive Director. Pleadings other than routine pleadings, such as briefs and motions, will be submitted to the CPOA Executive Director for review and approval prior to filing. Failure to submit the pleadings to the CPOA Executive Director in advance of filing may constitute grounds for termination of the Agreement or for refusal to compensate the contractor for all efforts expended in preparation of the pleading. Dear CPOA Chairman Leonard Waites and Vice Chair Beth Mohr:

I am in receipt and thank you for the e-mail dated 3/13/15, from your Vice-Chairperson (attached hereunto), directed to Mayor Berry regarding the Mayor’s office presence at your first scheduled Police Oversight Board (POB) meeting on March 12, 2015. I think it is very important to address several points related to the Vice-Chairs comments that reflect a possible misunderstanding of several important points.

Firstly, the enabling legislation establishing the Civilian Police Oversight Agency (CPOA) and Police Oversight Board emphasizes the high degree of “Independence” that the Agency, its Board and its Director are to demonstrate. To this extent, the POB and its CPOA Independent Director’s office, no longer administratively reports to the Office of the Chief Administrative Officer and otherwise are un-connected to either the executive or the legislative branch of City government. Both the Mayor and I entirely support this Independent structure. Although an agenda item entitled “City Staff Report” may have been on your agenda, to my knowledge, no one from the Mayoral administration, budget, or otherwise was contacted to attend the meeting.

The Albuquerque Police Department (APD) was present at the meeting including the attendance of several high level staff. During the past Police Oversight Commission (POC) meetings, the only representation from the Mayor’s or CAO’s Office was an assigned individual from constituent services.

My office made a thoughtful decision not to attend the meetings in order to provide your agency and its members an affirmation of its independence in City government. As you are aware, the scope and directive of the enabling legislation provides limited and specific authority for civilian oversight of citizen’s complaints, a limited policy advisory role, and statistical analysis of certain police operations. In the past, the contour of this authority had been the subject of much debate, difference of opinion, and frankly disagreement of the role of the former Police Oversight Commission.

I certainly hope to support your agencies role, mission, and work. However, I am hopeful you and the entire board recognize and are able to navigate these previously challenging issues without interjection from the administration or city council. I do not think that interjecting the executive branch of City government through the Mayor’s office would be productive or positive to that objective. To this extent, I am hopeful you can understand and appreciate our position of complete independence by the CPOA.

The correspondence reflects a misunderstanding of several matters related to the CPOA budget. Firstly, the Office of Management and Budget (OMB) did receive a budget requests from the Acting Director of CPOA on behalf of the POB and CPOA back in February 2015. The initial “Executive Budget Recommendation” typically begins using the past year’s budget as a starting point and then submitting what are known as positive or negative “issue papers” to accommodate any significant structural, programmatic, or legislative changes to a department’s budget. OMB and specifically their Budget analyst.

(The most experienced in the City), is including $215,000 in additional funding in FY-16 for; 1) community outreach $89,590, 2) Outside legal contract $ 75,000, and 3) Operating needs; travel/training $51,000. In addition, they added funding of $34,981 for salary forecast adjustments and other necessary expense categories of $16,787. These budget increases exceed the 1/2% of the Albuquerque Police Department’s budget as required by the new CPOA ordinance. I am enclosing copies of the CAO summary, the issue papers, and the budget worksheet Line Item/Rollup (dated: February 11, 2015). The budget increase being proposed and evidenced by these submissions increase your total funding from FY/15 $610,357 to a budget recommendation of $877, 874 or a 44% increase, equaling $267,517. I would appreciate it if you could share this information with each member of the POB in order to dispel any insinuation to the contrary.

Lastly, I called and left a message with a number I had for you on Friday afternoon March 13, 2015, to discuss several of these matters. I am unsure if you received my voice mail. I had later heard that you had a personal situation that has only recently allowed you to return to POB matters and I hope you are doing well. I look forward to further discussions and to outline our position supporting your board’s independence and autonomy as well as supporting the objectivity and positive nature of your important work.

I appreciate the e-mail and think quite highly of the Vice-Chair; However, I thought it best to bring these matters to your attention. I think it is important that your entire board unambiguously recognize this administration’s genuine support for CPOA but also understand our position related to independence.

Thank you for your attention to this matter.

Best regards,

Rob Perry

Subject: Disappointed that the Mayor sent no City Staff to the first Police Oversight Board Meeting

Dear Mayor Berry,

It is difficult to express the depth of my disappointment in the fact that there was no representation from the Mayor's Office at the first Police Oversight Board (POB) meeting, which was publicly televised last night. Obviously I didn't expect you to attend, but someone from your office should have been there.

The message that the Administration appears to be sending is that the POB is not important enough to warrant any representative at all, despite the fact that there was an agenda item for City Staff to report. At the very least, there should have been someone from the Mayor's Office there to welcome the Board, thank them for their service, and stand for questions. What are your intentions with respect to the POB?

The question I would have asked City Staff, had they been present, is whether the administration plans to propose to Council a sufficiently adequate budget for the Civilian Police Oversight Agency (CPOA) and POB that will provide for both the DOJ mandated hire of a community outreach person, and the ability for the entire POB to attend the training provided for Board Members by the National Association of Civilian Oversight of Law Enforcement (NACOLE).

Currently, the Board is provided with no fewer than 72 hours of training by the APD, and a few hours of training from other City Staff, as well as ride-along assignments and tours. While I do appreciate the opportunity to receive this training from the APD, in my experience, the people responsible for causing the problem are generally not the most qualified to provide training regarding how to solve the problem. It is very important that all of the Board Members have the opportunity to receive additional training, such as the NACOLE training available this fall.

So far we have been told by the Acting CPOA Director, Robin Hammer, that due to budget constraints, we will not be provided with printed copies of any of the Board materials, we will not be provided with any food or water at the POB meetings regardless of length, there may not be money to hire independent council for the POB, and we will not have the opportunity for all of the Board Members and CPOA staff members to attend the NACOLE training conference.

If the Administration wants to "starve out" the POB, through lack of support and resources, this is a very good way to accomplish that goal. I am frankly disappointed that Ms. Hammer failed to submit a budget that included all of those elements, but I am requesting that your office add them through the budget hearing process.
Additionally, if your intention is to support the POB in our efforts, I would expect to see a City Staff person attending future POB meetings. The message sent by their absence at the first meeting was extremely disappointing, and is not what I've come to expect from your administration. Frankly, I assume that you were unaware that nobody had been assigned to attend, but the lack of attention is no less disappointing.

I look forward to your personal reply to this email. While I am sending this directly and solely to you at this time, I reserve the right to widen the distribution of this conversation if a reply is not forthcoming.

Respectfully yours,

Beth A. Mohr, Co-Vice Chair
Albuquerque Police Oversight Board

Fund Name/Number: General Fund - 110

FY/15 or FY/16 Objective (this issue is linked to):

PURPOSE AND EXPLANATION OF ISSUE:
The DOJ Settlement Agreement and City ordinance require the Civilian Police Oversight Agency (CPOA) to create a Community Outreach program aimed at soliciting public input from broad segments of the community in terms of geography, race, ethnicity, and socio-economic status. The City Ordinance requires the CPOA to have a full-time employee dedicated to conducting Community Outreach.

HOW WILL CUSTOMER OR COMMUNITY CONDITIONS CHANGE?
By creating a CPOA Community Outreach program, the CPOA will assist in building relationship between community members and the Albuquerque Police Department. This Community Outreach would educate Albuquerque citizens on the avenues available to them to address their thoughts about APD, both positive and negative, and to provide a vehicle for input to APD for suggesting changes.

FY/16 or FY/16 Objective (this issue is linked to):

PURPOSE AND EXPLANATION OF ISSUE:
Both the DOJ Settlement Agreement and City Ordinance direct the City to fund the CPOA in order for the Agency to have the ability to retain outside contract counsel as necessary. This contract independent legal counsel would provide legal advice to the CPOA when the CPOA has legal questions or concerns which may be in conflict with the City government and/or the Albuquerque Police Department. One mission of the Civilian Police Oversight Agency is to "ensure that the civilian police oversight body functions as independently as possible from the executive and legislative branches of government of the City of Albuquerque." Funding independent contract legal services conforms to this mission.

HOW WILL CUSTOMER OR COMMUNITY CONDITIONS CHANGE?
With the ability to retain independent contract legal services, the CPOA will accomplish its mission of autonomy and independence from the executive and legislative branches of City government.

PROGRAM AND EXPLANATION OF ISSUE:

City Ordinance encourages Police Oversight Board (POB) members to attend conferences and workshops relating to police oversight, such as the annual National Association of Civilian Oversight of Law Enforcement (NACOLE) conference at City expense depending on budget availability. Request sufficient funding to send POB members and staff to an annual NACOLE conference. City Ordinance and DOJ require the CPOA to produce several reports. Request funding for contracted staff on an as needed basis to proof and review all required reports. Currently, there are no FTE's who can fulfill the proof-reading function needed at the CPOA.

HOW WILL CUSTOMER OR COMMUNITY CONDITIONS CHANGE?

Through attending conferences and workshops taught by recognized experts in the police oversight field, POB members and CPOA staff will increase their knowledge of nationally accepted practices and trends in police oversight. By providing funds for temporary proofing and reviewing services, the CPOA will be able to produce the legally-mandated reports and community outreach materials to the highest professional standard.

I. INTERESTS OF THE AMICUS

The Civilian Police Oversight Agency ("CPOA") is an independent subdivision of the City of Albuquerque which is directly affected by the Settlement Agreement between the Department of Justice and the City of Albuquerque. On October 6, 2014, the City of Albuquerque amended its Police Oversight Ordinance, Albuquerque, NM Code §§ 9-4-1-1 (2014), et seq, in an effort to address concerns about the ineffectiveness of the former Police Oversight Commission. The 2014 amendment combined the Police Oversight Commission and Independent Review Office into one body, the Civilian Police Oversight Agency (CPOA). The Police Oversight Ordinance provides that the City Attorney does not represent the CPOA, with the exception of personnel matters. Albuquerque, NM Code § 9-4-1-4 (2014).

Under this amended Police Oversight Ordinance, the CPOA has several missions: to foster and perpetuate policing policies and practices that effectively maintain social order and which at the same time foster mutual trust and cooperation between police and civilians; ensure that the civilian police oversight body functions as independently as possible from the executive and legislative branches of government of the City of Albuquerque; provide civilians and police officers a fair and impartial system for the investigations and determinations on civilian police complaints; gather and analyze data on trends and potential issues concerning police conduct and practices and the related impacts on the community and individuals; and provide policy guidance to the City Council, the Mayor and the Chief of Police. Thus, the interests of the CPOA are inextricably intertwined with the issues addressed in the Settlement Agreement, and its interests were not necessarily represented by the City of Albuquerque during the negotiations of the Settlement Agreement. While the independent police oversight process was addressed in
the April 10, 2014 Findings Letter, the CPOA was not treated as an important stakeholder by either the Department of Justice or the attorney’s hired by the City's administration to negotiate the Settlement Agreement, necessitating the filing of this brief.

II. SUMMARY OF ARGUMENT

The Administrative Office of the CPOA has concerns about the mandates contained in the proposed Settlement Agreement (Settlement Agreement) concerning the CPOA’s administrative investigation process into Civilian Police Complaints and Officer-Involved Shootings. The Settlement Agreement, for all intents and purposes, precludes mediation of Civilian Complaints. This is in direct contradiction of the City's Police Oversight Ordinance, which requires mediation to be considered as a means to resolve all Civilian Complaints. The 90-day deadline to complete all administrative investigations contained in the Settlement Agreement, fails to take into account the complex nature of Officer-Involved Shooting investigations. The Settlement Agreement requires the CPOA and APD to track whether a Civilian Complaint involves persons who have mental illness or are homeless. The CPOA frequently receives Civilian Complaints from persons who allege misconduct because APD officers said the civilian suffered from mental illness, thus making it a difficult subject to broach with many civilians. The Administrative Office of the CPOA will face great difficulty in investigating Civilian Complaints for events which took place greater than 120 days prior to the filing of the complaint. It will be also difficult to competently investigate anonymous and verbal complaints.

The CPOA currently conducts its administrative investigations in conformance with the City's Police Oversight Ordinance, APD's Standard Operating Procedures, and the City's contract with the Albuquerque Police Officer’s Association (“APOA”). The Settlement Agreement is in direct contravention to the City of Albuquerque’s contract with
the Albuquerque Police Officer's Association ("APOA"). The provisions of the Settlement Agreement which conflict with the APOA contract are unnecessary and will likely lead to protracted litigation. Additionally, provisions concerning the investigation of civilian complaints, including the collection of sensitive demographic information, mediation of complaints, case completion deadlines, and investigative step requirements, are at best unrealistic and at worst a thoughtlessly constructed recipe for failure. Again, these issues could have been addressed at the onset of the agreement had the CPOA been included in the negotiations.

III. ARGUMENT

A. The Settlement Agreement Creates Untenable Requirements and Deadlines for the CPOA Inhibiting Timely and Meaningful Civilian Police Oversight

1. The Settlement Agreement Precludes Mediation of Civilian Complaints.

Mediation of Civilian Complaints would be precluded under the proposed Settlement Agreement. The Settlement Agreement states, "APD and the Civilian Police Oversight Agency shall develop and implement a policy that specifies those complaints other than misconduct that may be resolved informally or through mediation." Settlement Agreement at ¶ 184. The Settlement Agreement defines "misconduct" as:

a violation of departmental policies or procedures; violation of federal, state, or local criminal laws; constitutional violations, whether criminal or civil; violation of personnel rules; violation of the merit systems ordinance; violation of administrative rules; violation of regulations; and violation of the labor management relations laws.

Settlement Agreement at ¶ 12(dd). Under ¶184, Civilian Complaints could only be solved through mediation if the Civilian Complaints do not allege misconduct. The definition of misconduct contained in ¶12, nearly all Complaints filed would allege misconduct. This is in direct contradiction of the City's Police Oversight Ordinance §9-4-1-4(3)(a), which
requires mediation as a method to resolve Civilian Complaints to be considered first in every case. Mediation is a method in which a community member could resolve his or her dispute with an APD Officer and the Officer could better understand the civilian's concerns, creating better community/police relations, a primary goal of the Settlement Agreement.

2. Complex Officer-Involved Shooting Investigations Typically Take Much Longer Than 90 days to Complete.

The Settlement Agreement mandates that all administrative investigation must be completed within 90 days:

All administrative investigations conducted by the Internal Affairs Bureau or the Civilian Police Oversight Agency shall be completed within 90 days of the initiation of the complaint investigation. The 90-day period shall not include time for review. An extension of the investigation of up to 30 days may be granted but only if the request for an extension is in writing and is approved by the Chief. Settlement Agreement at ¶191. While this proposed deadline may be achievable for civilian complaints, the CPOA is also tasked with investigating Officer-Involved Shootings (OIS). There is no exception to this 90 day time limit for OIS investigations. These investigations involve many witnesses, expert testimony, forensic examinations and review of extensive amounts of evidence. Most, if not all, OIS Investigations could not be completed in the required time.

3. Inquiring Whether Someone Has Mental Illness From a Civilian Complainant May Further Alienate That Person From the Police

The Settlement Agreement requires APD and the CPOA to track "allegations regarding misconduct involving individuals who are known to be homeless or have a mental illness, even if the complainant does not specifically label the misconduct as such." Settlement Agreement at ¶175. The CPOA frequently receives Civilian Complaints from persons who allege misconduct because APD officers had indicated to the civilian that he
or she suffered from mental illness. Requiring APD and the CPOA to discuss this sensitive topic with persons who may or may not suffer mental illness could further victimize some persons and belay any confidence they may have in the CPOA. In addition, relying upon civilian to self-report a history of mental illness would lead to inconsistent and untrustworthy data.

The Settlement Agreement requires APD to "accept complaints regardless of when they are filed." Settlement Agreement ¶ 170. Currently APD requires its officers to retain their lapel camera videos and other evidence in matters in which no criminal charges were filed for 120 days. Investigating complaints which allege misconduct greater occurring more than 120 days in the past, would be difficult to prove or disprove.

The Settlement Agreement permits the filing of verbal and anonymous complaints. Settlement Agreement ¶ 172 Anonymous complaints have not traditionally accepted: they are less reliable, with less information to conduct a meaningful investigation. This situation results in frustration for not only the civilian, but also the investigator and the Police Oversight Board, which will eventually hear the complaint and hear the findings related to those complaints. In many circumstances, verbal complaints are often angry person, who wish to vent their frustration, and do not wish a full investigation to the incident. Requiring persons to make their complaint in writing would distinguish someone who wants an investigation, versus someone who wants a sympathetic ear.

5. Requiring the CPOA to Review Criminal Histories of Complainants Could Discourage Persons From Filing Complaints Against APD

The Settlement Agreement requires the CPOA and APD to "take into account any
convictions for crimes of dishonesty of the complainant or any witness.” Settlement Agreement at ¶190. Currently, the CPOA does not consider the criminal history of any complainant or witnesses, and does not typically run criminal background checks. If a civilian knew that their criminal history would be examined prior to the CPOA making a finding in their complaint, this could create a chilling effect and discourage persons from filing complaints against APD. The same paragraph also requires that an officer's prior history of truthfulness to be taken into account, which is less relevant, since all, if not nearly all, officers who have any history of dishonesty are terminated from APD.

B. The Settlement Agreement Conflicts with the Albuquerque Police Officer's Association Contract, Making it Unclear How the CPOA Should Conduct Investigations.

The CPOA conducts its administrative investigation into Civilian Complaints under the Police Oversight Ordinance, the APOA Contract, and will do so under the mandates of the Settlement Agreement. There are several provisions in the Settlement Agreement which conflict with the APOA Contract. The CPOA requires a finding from this Court whether these provision of the Settlement Agreement which conflict with the APOA Contract are lawful and therefore prevail as the guiding mandates for the CPOA's investigations.

The Contract Clause of the United States Constitution provides that "[n]o State shall ... pass any ... Law impairing the Obligation of Contracts." Parela v. Retirement Bd. of Rhode Island Employees Retirement System, 173 F.3d 46, 59 (1st Cir. 1999) citing U.S. Const. art. I, § 10, cl. 1; See also AFSCME Council 18 v. State of N.M., 30,770 (N.M. Ct. App. 2013). Although the original intent of this language was to bar retroactive laws (particularly debtor relief laws) that would impair private contractual rights, the clause has long been interpreted to apply to public contracts as well. Parela,
173 F.3d at 59 citing Fletcher v. Peck, 10 U.S. 87, 137-39, 3 L.Ed. 162 (1810).

The same two-part test applies in both public and private contexts. Parela, 173 F.3d at 59 citing Parker v. Wakein, 123 F.3d 1, 4-5 (1st Cir. 1997); McGrath v. Rhode Island Retirement Bd., 88 F.3d 12, 16 (1st Cir. 1996). A reviewing court must first decide whether a change in state law has resulted in the "substantial impairment of a contractual relationship." Parela, 173 F.3d at 59); see also Parker, 123 F.3d at 4-5. This question can be broken down into "three components: whether there is a contractual relationship, whether a change in law impairs that contractual relationship, and whether the impairment is substantial." Parela, 173 F.3d at 59 citing Romein, 503 U.S. at 196, 112 S.Ct. 1105; see also Parker, 123 F.3d at 5; McGrath, 88 F.3d at 16. If each of these three component questions is answered affirmatively, the court must determine whether the impairment is nonetheless justified as "reasonable and necessary to serve an important public purpose." Parela, 173 F.3d at 59. The height of the hurdles plaintiffs must overcome under each part of this test, however, depends on whether the context is public or private. Parela, 123 F.3d at 59. Where the state is alleged to have impaired private contractual rights, the hurdle for plaintiffs under the second part of the test will ordinarily be higher than in public contract cases, since states have broad discretion to determine whether an impairment of a private contract is reasonable or necessary. Parela, 173 F.3d at 59. Where the state is alleged to have impaired a public contract, at least where the impairment operates for the state's benefit, "less deference to a legislative determination of reasonableness and necessity is required, because 'the State's self-interest is at stake.' " Parela, 173 F.3d at 60 citing Parker, 123 F.3d at 5; see also McGrath, 88 F.3d at 16 ("[W]hen a state is itself a party to a contract, courts must scrutinize the state's asserted purpose with an extra measure of vigilance.") Under these legal standards the Settlement
Agreement violates the APOA Contract, resulting in a Contract Clause violation.

For example, the Settlement Agreement violates the APOA Contract in several areas. The APOA Contract states at §20.1.3.1: "An official complaint shall be defined as any complaint made by a citizen where the complainant provides his name, address, and telephone number and the complainant has completed a signed statement." The APOA Contract further states in §20.1.3.2 states that "unofficial complaints" are be defined as "any complaint of a non-criminal nature made by a citizen where the citizen refuses to complete a signed statement." The APOA Contract prohibits APD or the CPOA from conducting investigations into unofficial complaints of a non-criminal nature. Id. The APOA Contract requires that APD or the CPOA provided the name of the "charging officer, complainant, or citizen making the charge shall be disclosed if this information is known to the officer conducting the investigation."

As discussed above, the Settlement Agreement permits the filing of verbal and anonymous complaints. Settlement Agreement ¶ 172. The Settlement Agreement directly conflicts with the APOA Contract, which requires a civilian complainant to sign their complaint. Requiring a name for a complaint and requiring the person to be directly related to the incident are not unreasonable and serve to ensure accurate and meaningful investigations.

In a similar vein, the Settlement Agreement at ¶ 170 states: "APD shall accept complaints regardless of when they are filed." Civilian complaints can be filed even if the act complained about happened years before the complaint. This provision markedly impedes the above referenced provisions of the APOA contract by inhibiting the officer from receiving a fair investigation. Documents and video are disposed of, officer memories and witness recollections fade, and officers are left to fight allegations
with neither proof nor memory. Such an investigation bears no meaningful fruit for law enforcement improvement but instead leads to further dissatisfaction with the process from all sides. There also may be other mandates in the Settlement Agreement which conflict with the APOA Contract, those will be left to the APOA to address, if they so choose.

The first two prongs of the contracts violation test are met in this case. Thus, the question for this Court, whether at this point or in future litigation, will be to determine whether the impairment to the contract is substantial. That being said, the Administrative Office of the CPOA respectfully requests this Court to provide guidance as to which mandates when conducting administrative investigations to follow: those contained in the Settlement Agreement or those contained in the APOA contract.

V. CONCLUSION

For the reasons stated above and the reasons advanced by the CPOA, the Court should consider revising the Settlement Agreement as outlined above.

Respectfully submitted,

I will check on the funding availability and get back to everyone. To answer this question it would be helpful to know:

1) How many people are interested in attending this Webinar if funding is available?
2) Is anyone an member of the ABA?
3) If the Board anticipates using all of the $15,000 City Council recently allotted for Independent Legal Counsel services for April through June 2015.

First, let us thank you for the opportunity to showcase Albuquerque as the host city for the National Association for Civilian Oversight of Law Enforcement (NACOLE) 2016 Annual Conference. Included in the next few pages you will find a condensed list of concessions, hotel rates, hotel spec sheets and the individual hotel proposals.

Dear Ms. McEllhiney:

On behalf of the citizens of Albuquerque, New Mexico, I would like to extend my personal invitation to you to select Albuquerque as the site of your next convention.

PO Box 1293
Albuquerque

Albuquerque is a combination of the very old and the highly contemporary; the frontier town and the cosmopolitan city. It is a wonderful place to both live and visit; I myself have experienced the city from both perspectives. I am well aware that there are many cities able and anxious to accommodate groups of your size. However, what I can tell you about Albuquerque is this: in addition to our unique meeting facilities, variety of diverse dining options and breathtaking landscapes, we consistently outshine our competitors with our most valuable asset: our people. The warm residents and hospitality professionals of Albuquerque are ready to welcome any group - be it an intimate meeting or a large convention - with open arms and assist them in making their visit here one they won't forget.

As Mayor of this great city, I invite you and your group to experience the Southwest at its best. Come and see for yourself why I am proud to call Albuquerque my home. We look forward to serving you.

Sincerely,

Mayor, City of Albuquerque
Request for Proposals
to Host the Twenty-second Annual Conference of the
National Association for Civilian Oversight of Law Enforcement
Fall 2016

A. Introduction

The National Association for Civilian Oversight of Law Enforcement’s (NACOLE) Board of Directors (Board) invites proposals for the five (5) day Twenty-second Annual NACOLE Conference to be held in September or October 2016 and a three-day planning meeting to be held by the Board in January or February of the same year. Established in 1995, NACOLE is a 501(c)(3) not-for-profit association of law enforcement oversight agencies and practitioners that works to enhance accountability and transparency in policing and build community trust through civilian oversight.

The Annual Conference attracts more than 300 participants from across the United States, as well as representatives from countries such as Austria, Australia, Bahrain, Belgium, Brazil, Canada, Jamaica, Ireland, Nigeria, Northern Ireland, Norway, Russia, South Africa, Trinidad and Tobago, and Turkey. NACOLE conferences provide extensive workshops, training sessions, panel discussions, and plenary presentations to further the training and development of those involved in civilian oversight of law enforcement. NACOLE has worked to ensure that conferences are held in various regions of the United States in order to meet the needs of its geographically diverse membership and provide access to the opportunities afforded by the conference.

Some of the goals of NACOLE in holding annual conferences are to provide:

- Specific, up-to-date, training workshops for oversight practitioners, members of government entities concerned with oversight of police departments, community members, members of police departments, academics, elected officials, city attorneys, journalists, and others
- Opportunities to meet and interact with leaders in the civilian oversight community
- Educational and organizational materials for attendees to take back to their community
- Information for communities looking to establish or refine an oversight system
- Strategies for addressing resistance to oversight
- Dialogue between citizens, law enforcement personnel, and civilian oversight practitioners

In addition to the expected financial and business rewards that come with bringing any conference to a locale, the NACOLE Annual Conference provides a unique opportunity for the host city to highlight its existing or emerging civilian oversight program, often involving engagement with local elected officials.

The Board is interested in amenities that will offer conference participants comfortable meeting facilities, walking-distance proximity for conference programs, common areas for relaxation and socializing, and opportunities for local dining, “tourist” activities, and easy accessibility for those arriving by air.

The Board will select the host city based on all information provided. All portions of the submitted proposal will be reviewed and evaluated. However, it is the proposal in its totality that will guide the Board in its final determination. Please ensure that all topics in Addendum A are addressed by the hotels submitting bids. Furthermore, please also note that it is very helpful to coordinate with a local oversight agency (see Section E below); however, this is not a requirement.

This request for proposals provides instructions and procedures for submitting a proposal to host the 2016 Annual NACOLE Conference.
B. Proposal Submission Requirements

Proposals must include a cover letter summarizing your proposal. Additional information not covered by any of the below required sections may be attached as necessary.

Proposals must be submitted via electronic mail (e-mail) and must be sent in either Microsoft Word or Portable Document Format (PDF). If Microsoft Word is used, completed signature pages must be scanned and attached to the e-mail. Electronic proposals shall be sent to Cameron McEllhiney, NACOLE’s Director of Training and Education (DOTE), at mcellhiney@nacole.org.

You may also submit a copy of your proposal package via mail, in addition to the required electronic submission. Such packages may be sent to the following address:

Attn: Ms. Cameron McEllhiney
Director of Training and Education
NACOLE
P.O. Box 1737
Indianapolis, IN 46206-1737

C. Deadline for Proposal Submission

The deadline to submit proposals is April 1, 2015.

D. Selection of Host City

The Board and the DOTE will review all proposals properly submitted. The Board will then select the host city and inform, in writing, all parties submitting proposals of the Board’s final decision by May 15, 2015. The Board will consider all information and items provided by the prospective host.

E. Local Support and Regional Representation

The proposal should include information about any additional organizations, government entities, or agencies equivalent to your civilian oversight system that will provide support for your effort to host the Annual Conference. Types of supporting organizations may include, but are not limited to, oversight and other governmental agencies, community organizations, universities, law firms, and private foundations. Your regional representatives, including elected officials, should also support your proposal. Their support will enhance your efforts for a successful conference. Representatives of these organizations and the designated conference coordinator submitting the proposal should sign the last page of the proposal form.

F. Assistance

The DOTE is available to assist you with any specific questions that you may have about conference logistics, content, or the proposal process and can be contacted directly at: 317-697-0695 or mcellhiney@nacole.org. NACOLE Board members are also available to assist you. Contact information for Board members is available on the NACOLE website, www.nacole.org.
G. Assumption of Responsibility for Promised Levels of Support

NACOLE expects that cities or locales submitting proposals for consideration to host a NACOLE Annual Conference will provide NACOLE, its Board, and the DOTE proper levels of support through the proposal submission and review process. Further, if selected, NACOLE expects the host city, local committee, and supporting organizations to follow through on all commitments outlined in the host city’s initial proposal. If an obligation cannot be met, the host city must provide a written explanation as to why it is unable to meet that particular commitment. NACOLE will not assume any responsibility for failure to meet any contractual, financial, or other commitment entered into by, or on behalf of, the host city and its representatives.

H. Incomplete or Invalid Proposals

NACOLE reserves the right to reject, in part or in whole, incomplete or invalid proposals. Further, NACOLE may, at any time, request additional information from all parties, including any named regional representative, local committee member, or supporting organization submitting proposals to assist with its review and evaluation of proposals.

I. Information to be Provided in Proposal

1. Sponsoring Organizations:
List all organizations, associations, or persons that you propose as sponsors of the 2016 Annual NACOLE Conference.

2. Conference Location and Dates:
The conference site must have a meeting room that can accommodate more than 300 people classroom style seating for general sessions, two to three breakout rooms that will accommodate no fewer than 150 people classroom style seating, and five break out rooms that can accommodate approximately 50 people theatre style. Furthermore, the host hotel (and hotels in the area) should be able to provide no fewer than 600 room nights for conference participants. All facilities to be used as part of the conference must be fully ADA compliant. (See Addendum A: Hotel, Meeting Space, and Related Requirements.)

NACOLE normally holds its Annual Conference over a five-day period (Sunday through Thursday) during the fall (typically September or October). Please list the proposed start and end date(s) of the conference should your proposal be selected. Please be advised that NACOLE traditionally avoids dates that include major religious or government holidays. We therefore ask that you avoid October 2-6 and 9-13, 2016, when selecting dates.

3. Host City Profile:
If applicable, describe the civilian oversight mechanism of the host city. Provide a profile of the host city and surrounding areas that may be of interest to conference attendees. Indicate if any part of the conference, excluding pre- and post-conference tours, is in another location such as an adjacent town. A video of the host city and conference facility, in addition to the profile, will be accepted but is not necessary.

4. Financial Contribution:
Describe the host city’s financial contribution or seed money that will be available. Also describe any other donations, in-kind or otherwise, or sponsorships that will be obtained. This may include the copying and printing of materials, sponsorship of receptions or luncheons, scholarships for community members or law enforcement officers to attend all or part of the conference, sponsorship or donation of
conference materials such as bags or name badges, or the sponsorship of a Keynote Speaker. Please note that the Board must approve all items and activities to be sponsored or donated.

State whether the amount of the money proposed is ready and available to be set aside for the 2016 Annual Conference at the time of NACOLE’s official announcement of the host city, or at least one year prior to the conference date. The announcement will be made at the 2015 Annual Conference to be held in Riverside, California, October 4–8, 2015.

State whether any proposal requires an approval by officials other than the conference hosts. If additional approval is needed, indicate who would decide that matter and when approval would be obtained.

5. Additional Resources:
Describe your plan to obtain additional resources for the conference from other supporting organizations. These resources would include, but not be limited to, in-kind donations such as printing, photography/videography, or facility rental.

6. Lodging and Food:
List the proposed/projected hotel costs (i.e., price per room night, conference meeting spaces, and audio visual). Please also list local lodging and restaurant accommodations that will meet the needs of the anticipated number of participants. (See Addendum A, Hotel, Meeting Space, and Related Requirements.)

7. Transportation:
List available transportation (e.g., accessible airport(s), major airline carriers, trains, buses, trolleys, taxis, and hotel parking for both guests and daily visitors to the conference) in the area. Also include the distance and available transportation, as well as its cost and frequency/availability, from the nearest international airport. Providing the cost of traveling to your city from other major cities, although not required, would help the Board in its review of proposals.

8. Additional Activities:
Please list possible tours, special events, or receptions to be offered to attendees and identify local attractions and points of interest. If there are special events scheduled in the host city during the proposed conference dates, please list the event(s) and date(s).

9. Promotion of the Annual Conference:
Attach an outline of your plan for the promotion of the 2016 Annual Conference. This should include any promotional ideas that may be especially appropriate for the proposed site.

FORCE MAJEURE
The parties' performance under this Agreement is subject to acts of God, war, government regulation, terrorism, disaster, strikes, civil disorder, curtailment of transportation facilities, restriction on food, beverage or other supplies or any other emergency of a comparable nature beyond the parties' control, making it impossible, illegal or which materially affects a party's ability to perform its obligations under this Agreement. In order to terminate this agreement under this provision, the terminating party must provide written notice to the other party within five (5) days of the occurrence of any of these events. In the event of termination by the Hotel under this section, the Hotel shall refund all deposits and/or prepayments made by the Group within five (5) days of the notice of termination.

CANCELLATION OPTION
Either the Hotel or Group may cancel this contract without cause upon written notice to the other party at any time prior to the event and upon payment of an amount based on the following scale, plus applicable taxes:

- 179 days or less from the start of the official event dates $ (80% of Rooms, 40% of Food & Beverage, and Rental Minimums)
- 364 days to 180 days from the start of the official event dates $ (70% of Rooms, 30% of Food & Beverage, and Rental Minimums)
- 729 days to 365 days from the start of the official event dates $ (50% of Rooms, 25% of Food & Beverage, and Rental Minimums)
- Contract signing to 730 days from the start of the official event dates $ (40% of Rooms, 15% of Food & Beverage, and Rental Minimums)

Payment due as a result of this cancellation option shall be made by the canceling party to the non-canceling party at the time this Agreement is canceled by written notice.

The Hotel and Group intend to liquidate damages in the event that either party utilizes the cancellation option set forth in this section. Therefore, the Hotel and Group agree (a) that the above formula is a reasonable estimate of the Hotel's damage in the event of cancellation and (b) that the liquidated damages set forth in this section do not constitute a penalty.

FOOD AND BEVERAGE MINIMUMS
Group agrees to provide a minimum of $25,000 in banquet food and beverage revenue (excluding tax and service charge). Should the Group's banquet food and beverage revenue fall below this amount, the Group will be responsible for the difference between the minimum banquet food and beverage revenue and the actualized food and beverage revenue multiplied by 40% (minimum food and beverage revenue minus actualized food and beverage revenue multiplied by 40%), plus any applicable taxes. This amount will be placed on the Group's Master Account.

The Hotel and Group intend to liquidate damages in the event the Group fails to meet the food and beverage minimum set forth in this section. Therefore, the Hotel and Group agree (a) that the above formula is a reasonable estimate of the Hotel's damage in the event the minimum set forth in this section is not met and (b) that the liquidated damages set forth in this section do not constitute a penalty.

All banquet food and beverage arrangements must be made through the Hotel. Only food and beverage purchased from Hyatt may be served on Hotel property. The Hotel reserves the right to cease service of alcoholic beverages in the event that persons under the state mandated age limit are present at the function and attempt to receive service of alcoholic beverages. Hotel further reserves the right to deny alcoholic beverage service to guests who appear to be intoxicated.

FUNCTION SPACE COMMITMENT
The Hotel is currently holding function space based on the attached Program of Events. This is considered to be a firm commitment by the Group and any increase or decrease to that commitment may result in a modification of room rental by the Hotel. All function and meeting space is assigned by the Hotel according to the number of persons guaranteed to attend the Group's function. The Hotel reserves the right to reassign the space listed on the Program of Events to accommodate both the Group and all other groups using the Hotel's facilities during the Group's meeting. A failure to submit a finalized Program of Events to the Hotel by 3 months prior to
arrival may result in a release by the Hotel of the space being held for the Group and/or a reassignment to space more suitable for the finalized Program of Events once submitted. The Group agrees to promptly notify the Hotel of any changes in its function space requirements.
Meeting room rental for this program is $. (All fees for meeting and function space are subject to applicable taxes.)

WALKING OF GUESTS
The Hotel represents and warrants that it shall accommodate Group's attendees and guests as agreed. Hotel will not overbook sleeping rooms during the meeting dates set forth in this contract. The Hotel agrees that all non-attendees of Group’s event will be walked before any of the Group’s attendees. In the event Hotel deems it necessary to send Group’s attendee to another hotel due to overbooking or a decrease in inventory, Hotel will consult with Group’s onsite contact prior to walking any Group attendee to another hotel. Further, Hotel agrees that it will provide for each “walked” attendee:

1. An equivalent or better room located within a ten-mile radius of the Hotel at no cost to the attendee or to Group;
2. Bring the attendee, at the attendee's discretion, back to the Hotel at the earliest possible date;
3. Provide attendee sufficient travel allowance to cover one round-trip fare to and from the hotel where the attendee will be staying for each day of the meeting that the attendee involuntarily resides at an alternate hotel;
4. The Hotel shall reimburse all additional transportation costs incurred for travel to and from the event and any related group functions for as long as the attendee is denied housing;
5. Reimburse two long-distance telephone calls and/or use of Internet access for each relocated attendee to notify family and work of their location;
6. Keep the walked attendee's name on a list for referral of phone calls to the guest's new hotel;
7. The Hotel will offer a letter of apology from the General Manager and placed in the guest's room upon the guest's return to the Hotel.
8. In the event that Hotel overbooks and any Group attendees are walked to another hotel, Hotel will credit the number of overbooked rooms to Group's pick-up for purposes of calculating attrition.

Group will provide Hotel with a list of staff/speakers/VIPs whom under no circumstance will be walked. The Hotel agrees to make sure that none of the Group’s VIPs are walked for any reason. The Hotel shall be responsible for informing Group of anticipated walks prior to any occurrence of this nature, or immediately after if not anticipated by Hotel. If a walked guest refuses to return to the Hotel when lodging becomes available, Hotel will not be responsible for payment of any additional sleeping room charges from that point forward, but Group will receive credit against any attrition fee from the remaining room night(s).

INSURANCE
Group and Hotel are required to insure their obligations set forth in the section entitled 'Indemnification and Hold Harmless' above, and to provide evidence of such insurance upon request. For any activity introduced onto the premises by an outside contractor hired by Group, Group will be fully responsible for the actions of such outside contractor. Upon request, Group will provide a certificate of insurance covering the actions of such outside contractor, naming the Hotel Owner and Hyatt Corporation as additional insured's with regard to the activities of such outside contractor. At minimum, insurance includes workman’s compensation, bodily injury, property damage and general liability.

Liquor Liability: The hotel agrees to carry liquor liability insurance and further agrees that all employees and agents performing services under this agreement shall at all times comply with all federal, state and local laws pertaining to the sale, service or furnishing of alcoholic beverages to anyone who is attending the Group Event. Hotel will not serve alcoholic beverages to anyone who is under legal age, or to anyone, regardless of age, who is obviously or visibly intoxicated. The Hotel agrees to indemnify and hold Group, its officers, directors, employees, agents, members or representatives, harmless from any claims arising directly from all damages, loss or liability of any kind whatsoever, including reasonable attorney’s fees, arising out of or in connection with the Hotel’s serving of alcoholic beverages at Group events during Official Dates.

Hotel represents that all Hotel personnel serving alcoholic beverages have undergone adequate training to prevent any incidents, which could result in liquor liability.

CONSTRUCTION OR RENOVATION
In the event the Hotel will be undergoing any material non-emergency construction or renovation during the event dates, the Hotel shall promptly notify the Group, and the Group shall have the right to cancel this Agreement without liability upon written notice to the Hotel if, in the reasonable judgment of the Group and the Hotel, such construction or renovation will materially interfere with the Group's ability to hold the event.
